Protection and Support for women in situations of violence

www.minden-luebbecke.de

If you need help to change your situation, in the district of Minden-Lübbecke you can take advantage of the women's shelters or counselling centres. Your nationality does not matter.

Women's shelters provide a safe place for women who have experienced physical or psychological violence in their relationships, and their children.

- Women are guaranteed fast assistance with no bureaucracy.
- There are plenty of options for housing.
- The goal of the work at the women's shelters is to strengthen and support and advise women and to provide help for their children.
- A woman seeking help can at any time call for possible crisis support in the event of a violent situation in a relationship or otherwise you can contact us via an e-mail.

Counselling Centres for Women are drop-in centres for women,

- who no longer get along with their partner,
- who have been physically or mentally mistreated or threatened
- who have otherwise experienced violence in their everyday lives (such as sexual harassment, rape).

Staff at the counselling centres for women provide advice for women in cases of separation and divorce; if necessary and desired, they can also offer support in initial contact with a women's shelter.

Counselling is anonymous and at no cost.
